

Bernheim, Dreyfus & Co. is a French asset management firm based in Paris, regulated and authorized by the French AMF, managing the Diva Synergy Fund. Diva Synergy is an Event Driven hedge fund specialized in merger arbitrage and special situations.

We are looking for a 1-year intern (ideally a student engaged in a gap-year) to join the team, in order to assist the risk and the portfolio managers.

Mission

Risk management (market and operational risks)

Assist the risk manager in the improvement of existing tools (Net asset value weekly control, Cash reconciliation, Fees analyses, Daily control of the legal ratios) and in the development of new applications.

Assist the Internal Controller by updating the existing internal procedures and by participating to their improvements regarding the evolution of legal regulations and internal needs.

Portfolio Management

Assist the Portfolio Manager in the development of management tools for the bonds mandates activity.

Participate in the creation of quantitative tools for the trading activity.

May be assigned specific additional responsibilities such as analysis and preparation of portfolio reviews and other senior management requests as deemed appropriate.

Profile

- Studying towards a Finance, Economics, Business or Engineering degree (or similar) from a top business or engineering school.
- Strong business writing and communications skills – Excellent level of English and French.
- Autonomous, rigorous, organized and result oriented.
- Analytical orientation and critical thinking skills
- Able to work under pressure in a small team.

The role will require individuals with experience in:

- Project Management
- MSOffice
- VBA programming
- Programming skills and familiarity with Bloomberg will be helpful.
- Knowledge of databases

Conditions

Remuneration: Commensurate with experience
